Stated dimensions are measured to the exterior boundaries of the exterior walls, the centerline of interior demising walls between units, and the outer boundary or interior demising walls adjacent to common elements, and to bed vary from the dimensions that would be determined by using the description and definition of the "Unit" set forth in the Declaration (which generally also includes the interior airspace between the perimeter walls and excludes interior structural components). All dimensions are approximate, and all floor plans and development plans are subject to change.
